East Elementary School educates students in grades 2, 3 and 4 providing an outstanding education for all. East is a very caring, child-centered and family oriented school. We have an exceptional, dedicated teaching and support staff and enjoy parent and community support.

Our school prides itself on a highly qualified and nurturing staff, a safe, orderly and creative school climate, and incredible inquisitive children who work diligently to be great learners each day. Students at East Elementary School receive a well-rounded education based on an aligned academic curriculum with emphasis on differentiated instructional practices that meet the varying needs and interests of all of our students. Instruction is also differentiated in the special academic areas of music, art and physical education.

East students learn to cooperate with others through a variety of classroom and school settings and learning activities. As the principal at East Elementary School, I enjoy being a part of such a caring, lively, and thriving learning environment. I am committed to my role in the continued progress of our school and in providing the experiences that our students need to help them to be successful now and in the future.

At East, we embrace each day with great expectations!
